

CBI visit to the Heart of the City, Sheffield - 29th March 2023

On Wednesday, 29th March 2023, Henry Boot (Tim Roberts, Chief Executive and Steve Green, Project Director) and Kate Josephs, Sheffield City Council Chief Executive, hosted a visit from the CBI (Matthew Fell, Interim Director-General, Beckie Hart, Regional Director and Olga Watterich, Deputy Regional Director). Martin McKervey was invited to join them, representing the S-PA.

The visit began with an overview of the work Henry Boot are doing as part of the exciting Heart of the City project, we then had a tour and we visited Pound's Park, which is due to open early on Monday 3 April- very much worth a visit.

It was inspiring and uplifting. Heart of the City is going to be very special.

We would like to share some photographs which Henry Boot have kindly provided.
